

# Neuro Linguistic Programming (NLP) Time Line Therapy® NLP Coaching Certifications

## NLP Certification

NLP is the study of excellence, which describes how our thinking produces our behavior and how our behavior can be improved. In practice, NLP is a collection of techniques, skills, and strategies that are easy to learn, and that can be used to make significant positive change. NLP has multiple uses in coaching, therapy, business, education, and everyday

life! This certification is accredited by The American Board of Neuro-Linguistic Programming (ABNLP).

## Time Line Therapy® Certification

Time Line Therapy® is a set of techniques that allow you to gain control over your emotions and release limiting beliefs. It works at the unconscious level, which allows you to create transformational change in minutes rather than days, months or years. You will learn how to eliminate negative “programming” from your past to allow you to move forward towards your

goals. This certification is accredited and recognized by The Time Line Therapy Association (TLTA).

## NLP Coaching Certification
